# COMPLETE STREETS FOR POLICY, PLANNING AND ACTION

## IMAGINE LIVING WHERE...

- Every person can get from where they live to where they need to go whether young or old, motorist or bicyclist, walker or wheelchair user, bus rider or cab rider.
- Sidewalks have enough room for social gathering, multiple people passing by in different directions, and having greenspace to absorb rainwater.
- You can save time, money and get exercise using alternatives to driving your car.
