# How to Ride

*Just follow these four easy steps  
on the next two pages:*

- Step 1. Find your route on the System Map.
- Step 2. Read the schedule.
- Step 3. Choose the right fare.
- Step 4. Catch your bus!

## Step 1. Find your route on the System Map

The Metro System Map shows all Metro routes. Be sure to look at both the Weekday and Supplemental School Day Service maps for weekday travel, and the Weekend & Holiday Map for travel on those days. Use the System Map to locate the route closest to your origin and destination point. You may find that you'll need to ride more than one route to reach your destination; in that case, please read the "Transfer Connections" section on page 7.

If more than one route is needed to complete the trip, find the transfer point where both routes meet for your connecting information.

Now that you've determined which route(s) you're going to ride, you'll need to refer to the appropriate schedule(s).

# Step 2. Read the Schedule

## How to Read a Schedule.

**Destination and Directional Symbols:** Schedules and maps contain symbols for points of interest, popular destinations, accessibility, and transfer points (see page 3 of this booklet for an explanation of these symbols). Symbols appear on the map and above the appropriate time point on the schedule—indicating the direction the bus is traveling and the popular destinations and points of interest along the route.

**Return Trip:** Check the system map and schedule for your return trip. It may not be the same route, depending on the time of day you will be traveling.

**Route Number**

Streets that the bus travels on are indicated in dark text; cross streets are indicated in white text.

**Time Point:** Find the time point number on the map that precedes your departure location—then look up that time point number on the schedule. All time point numbers correspond to a time point on the schedule below.

**Weekday AM's – North Transfer Point to West Transfer Point**

**Arrival/Departure Time:** Read the times from left to right. Your arrival time will be to the right of your departure time.

**Comes From Route & Bus Becomes:** Schedules also contain columns that indicate what route the bus comes from at the first time point, and/or what route the bus becomes once it reaches the last time point.

**Day of week** - weekday, weekend or holiday

**Direction** - eastbound, westbound, northbound or southbound. Destination gives an indication of direction.

**Time of day** - AM or PM (PM is in bold type)

**Time Points:** Departure times are listed below the time points. (Remember that the listed departure time is only for that specific time point. If you plan to board at a stop between two time points, you'll need to adjust the time accordingly.)

## Waiting for the Bus

Arrive at the bus stop at least five minutes before your scheduled stop. Check for your route number on the sign. Metro has three types of bus stops diagramed below.

Make sure you are waiting at the correct location and your stop is appropriate for the direction the bus is traveling.  
**Wave to the driver when you see your bus approaching.**

**Never run after a departing bus.** For your safety, buses will not load passengers after they pull away from a stop or transfer point loading area.

Smoking is *not* allowed inside bus shelters.

## Where to Wait!

**Wait at Sign!**

Bus stop is past the intersection—wait at sign.

**Wait at Corner!**

Bus stop is before the intersection—wait at corner.  
(The back of these signs direct you to board the bus at corner.)

**Wait at Sign!**

Bus stop is in the middle of the block—wait at sign.

## Destination Signs

Route Number	Destination
47	ARBOR HILLS

To ensure you're boarding the correct bus, check the vehicle route number and destination on the sign above the windshield. If a route is traveling on a certain street, "via" will flash after the route name.

## Exiting the Bus

Use touch strip or pull cord to signal driver one block in advance. Remain seated until bus comes to complete stop. Exit through the rear door.

Metro asks the following when traveling with a child in a stroller:

- For the safety of all passengers, including children in strollers, please remove child and fold strollers during ride.
- Keep your stroller from blocking aisles.
- Move strollers to make room for seniors and those with disabilities.

## Boarding and Existing the Bus.

To exit the bus, use the touch strip or pull cord to signal the driver one block in advance.

Route Number and Destination Sign (*also displayed on the front of the bus*): indicates the destination.

Via: If a route has more than one way to reach its destination, the "via" will flash intermittently with the destination.

## N S E W Transfer Connections

### Transfer Points

Metro's Transfer Points provide timed connections, high service frequencies, shelter from the elements, and passenger information.

Most routes are timed for direct connections at transfer points. There are times when some connections may be less frequent or when waits are required.

During peak times some routes are not scheduled for direct bus-to-bus transfer.

Arrive at the transfer point at least five minutes before your scheduled stop.

**Never run after a departing bus.** For your safety, buses will not load passengers after they pull away from a stop or transfer point loading area.

Watch video

### Loading Your Bike

1. Squeeze handle and pull down to release folded bike rack.

2. Lift bike onto the rack, putting the front and rear wheels in the slots. Load the rack nearest the bus first. *The front wheel of the bike closest to the bus should face curbside. The front wheel of the second bicycle must face the bus driver's side.* You can load/unload rack nearest the bus without unloading the bike in front.

3. Raise the support arm, as far up on the wheel as you can, making sure it is resting on your front tire, not on the fender or frame.

### Unloading Your Bike

- Tell the driver you need to unload your bike.
- Move the support arm down and lift out your bike.
- Please fold up the rack if it is empty.

### Rules of the Rack

**For safety reasons, the driver cannot get off the bus to assist you.**

**Bike racks are first come, first served. Each bus can carry two bikes. *The front wheel of the bike closest to the bus should face curbside. The front wheel of the second bicycle must face the bus driver's side.***

**There is no additional fare for using the bike rack.**

**Children 10 and younger must be accompanied by an adult to load and unload bikes.**

**All people using the rack must be strong enough to load and unload their bike.**

**Bikes are not allowed inside the bus.**

## Tell Your Friends! Go Green – Ride Metro

Recent studies show one of the most significant actions people can take to reduce their carbon footprint is to reduce their driving. Riding the bus helps to create a healthier environment by reducing smog-producing pollutants and greenhouses gases.

## Metro is a Part of the Solution Hybrid Buses

**Metro has 19 hybrid buses in its fleet!**

What is a hybrid bus? Hybrid bus motors act like generators. Through a process called "regenerative braking", energy created while a bus slows or stops is converted to stored electric energy. Forty percent of the energy to accelerate the bus is actually energy saved during the braking process.

Metro currently estimates that hybrid buses get 20-30% better gas mileage than regular diesel buses and reduce exhaust emissions by 90%.

### Ultra-Low Sulfur Fuel

Metro's entire fleet operates on ultra-low sulfur diesel fuel that reduces hydrocarbon emissions by 75%.

### Green Power

Metro Transit uses 37% Green Power, which is a combination of windpower and other environmentally-friendly energy-producing sources, to power its administration and maintenance facility.

# Unlimited Pass Reminder!

## Photo I.D. Required for Use.

All pass users must present a picture I.D. upon driver request.

Please remember the following when traveling with your unlimited ride pass:

- Your pass has been issued directly to you by your school or employer.
- Your school or employer pays for each ride registered on your pass.
- Passes sold on online auction sites such as eBay or Craigslist are considered fraudulent, flagged, and deactivated.
- Fraudulent use of passes drives up costs to your school or employer and jeopardizes future offerings of the pass program.

The breeze is coming  
Cold like out of control  
Get ready to grow, or

Mold old./Nothing can stop it  
But standing tall becoming

Stone as bone.
